

GeoGirls

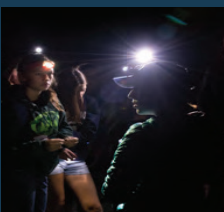

July 30 - August 3 2017

geology and technology field camp

for girls

at Mount St. Helens

GeoGirls explore the volcano in their backyard, the hazards volcanoes pose to human populations, and the technology scientists use to monitor and learn about them.

WHO

- GeoGirls: Girls from OR & WA graduating from 7th & 8th grades
- High School Mentors: Girls from OR & WA graduating from 10th-12th grades
- Teacher Mentors: Female middle school science teachers from OR and WA

COST Free!

thanks to grants & donors

QUESTIONS?

Email learn@mshinstitute.org
